

Clifford Cymrot, MHA

Adjunct Instructor, University of Cincinnati College of Allied Health Sciences
Course Coordinator: Health Systems Management

Professor Clifford Cymrot received his A.A.S. in Medical Laboratory Science from SUNY Orange in 2008 and his B.S. in Medical Technology from the University of Cincinnati in 2010. In 2014 Professor Cymrot completed a Master's Degree in Health Administration at the University of Cincinnati. His health system work experience includes positions as a medical laboratory technician and medical technologist. Professor Cymrot's first position in academia was as an adjunct instructor for SUNY Orange, teaching courses in microbiology, anatomy and physiology. He then became a full-time assistant professor for the Medical Laboratory Sciences Program at George Washington University, teaching microbiology, pathophysiology and the laboratory portions for microbiology, molecular diagnostics, blood banking, biochemistry, and hematology. More recently, Professor Cymrot also became an Adjunct Instructor for the University of Cincinnati and serves as the course director for the graduate level course in health systems management (HCA7001) for the University of Cincinnati Masters in Health Administration program. Dr. Cymrot has a passion for both laboratory technology and health care administration which he is able to pursue by helping students achieve their goals in both fields in health care.
