

William Banks, MHA, MS

Assistant Professor of Health Economics, University of Cincinnati College of Allied Health Sciences

Vice President of Managed Care/Revenue Cycle, St. Elizabeth Healthcare

Course Coordinator: Healthcare Marketplace – Health Economics

William Banks serves as the VP, Managed care/ Revenue Cycle for St. Elizabeth Healthcare in No. KY - a 1,200 bed, 400 physician multi-site healthcare system sponsored by the Diocese of Covington. In this role, he is responsible for price setting, payor relations and the negotiation of all contracts for facility, professional and ancillary services. Prior to joining St. Elizabeth in January, 2009, Banks had a number of roles at Humana and Anthem BCBS; most recently serving as the VP, Network Operations for Humana of Ohio.

Banks holds a Masters degree in Health Administration from Xavier University and a Masters in Applied Economics from the University of Cincinnati. He currently serves as an assistant professor of Health Economics at the University of Cincinnati, and has served as a Medical Service Corps officer in the US Army.
